REPORT ON OUTREACH CONSULTATION TO IDPS, PEOPLE WITH DISABILITIES AND THOSE WHO CAN'T AFFORD BASIC MEDICAL CARE.

A team from caritas Kumbo in response to the needs of some Internally Displaced Persons, people living with disabilities, and those who are sick and cannot afford for basic medical care identified in some communities within Bui Division to do free consultation and medication. The activities were carried out on Saturday 31 October and Sunday 1st November in Buh village, Tuesday 3rd November in Banten village and Thursday 5th November 2020 in Dzeng village. There was only one activity carried out to all these communities which was consultation and medication administration to the beneficiaries.

In Buh we consulted 50 people, 44people in Banten and 27 people in Dzeng community.

The table below analyses the laboratory findings from Buh, Banten and Dzeng communities

Laboratory test	<5years		5-18years		19-59years		>59years		Total	
	Male	Female	Male	Female	Male	Female	Male	Female	Male	Female
Malaria	00	02	01	03	03	04	00	01	04	10
Typhoid	00	00	02	01	02	01	01	01	05	03
HIV	00	01	04	07	05	09	00	00	09	17
Syphilis	00	00	01	01	00	01	00	00	01	02
Blood sugar	00	00	01	03	10	20	12	17	23	50
									42	**82**

we also had cases of Urinary Tract Infection (UTI), Upper Respiratory Tract Infection (RTI), gastritis, wounds care, hypertension, diabetes, gastro enteritis, skin infection, diarrhea, eye infection, dental condition, pregnant women, ear infection, musculoskeletal, epilepsy, intestinal warm, and severe emotional disorders.

Challenges faced

Challenges faced

- The team was held hostage on their way to Banten for more than one hour by the NSAGs
- The total number reached out to were more than the one targeted

Blood pressure control

Ear examination

Mental client on scale

Child with fungi of the haedscalp

Consultation Table

Explaining on how to take medication

Inspecting a child with discharging ears

STI treatment with Ceftriaxone

Blood collection for HIV Testing

Consultation Table

Commencing with prayers

Wound inspection

Consultation table

Instructing on how to take medication
