REPORT ON THE WFP FOOD DISTRIBUTION PROJECT:

PERIOD UNDER REVIEW - AUGUST, SEPTEMBER AND OCTOBER 2022.

INTRODUCTION

Caritas/WFP General Food Distribution Program (GFDP) is aimed at alleviating hunger and is implemented in Bui and Donga Mantung Divisions of North West Region of Cameroon. In Donga Mantung there are three Sub Divisions of intervention namely Ndu, Nkambe Central and Misaje.

In Donga Mantung, beneficiaries consist of IDPs (Internal Displaced Persons), Returnees, and vulnerable host populations. Statistically, Ndu sub-division has five distribution points, Nkambe central five and Misaje sub-subdivision hosting four DPs. Total number of beneficiaries stands at 20,000.

Presently we are distributing in Donga Mantung and so far distribution has been effectively going on for the past two months.

ACHIEVEMENT

- WFP/Caritas has created employment for 92 Office and Field staffs.
- Caritas provided high standard visibility and distribution materials.
- Within the period under review, Caritas staffs attended an induction training in WFP office in Bamenda and WFP/TPM startup workshop in Bamenda. This has gone a long way to empower and enrich the staffs for effective performance.
- We effectively served our planned beneficiaries in 10 distribution points for the month of August and October 2022.
- We have been very regular in submitting our reports for the period under review.
- We have been effectively carrying out sensitization on GBV,Covid, Cholera, Monkey pox and Malaria during and after distribution.

CHALLENGES

- Bad roads and poor weather delayed distribution .
- Total blackout in the Division couple with poor communication has rendered reporting very difficult

WAY FORWARD

- Caritas is looking forward to ending the first phase of the project in Donga Mantung and to relocate to other earmarked zone.
